May 27th, 2019

Dear First Grade Parents:

My Favorite Part of First Grade Was:

- Going to the Museum of Flight
- Going to the Pumpkin Patch
- Learning 3-D shapes in Math
- Playing on the swings
- Doing Geometry in Math
- Counting the school day number line
- The movie popcorn parties
- Going to the Nutcracker
- Fractions in Math
- Practicing Prayers in Religion
- Adding and doing Algebra in Math
- Using shapes to build things
- Writing in my spelling book
- Friendship circle
- Doing calendar book
- Playing with the balloons in P.E.
- Counting by tens in Math
- Reading bible stories in Religion

Students will not have a book report project to do for homework this week, instead they will have other homework to do and we will do a book review in class. This is the last week for the homework folder for first grade. Your child will get the folder back on the last day of school for a summer packet. We are counting money in Math this week so students should practice counting pennies, nickels, dimes and quarters up to a dollar. Do not forget that Wednesday, June 5th and 12th are 8:30 start times. Thank you for the great year in first grade! I look forward to these special last couple of weeks with your amazing children.

Here are important dates coming

May 27th: No School! Memorial Day!

Last week of homework folder!

31st: Mt. Vernon Library comes and visits about
Summer program!
