

ICRS Technology

Getting Started Guide: Grade 4

2020-2021

Parents and Students, Welcome to ICRS for 2020-2021! This letter includes some important technology information for getting the learning journey started. Please let me know if you have any questions. My contact information is below. Go Spartans! -Mr. Van Selus

Updates

This letter is posted online at <https://www.icrsweb.org/classrooms/technology>. Any updates or corrections to this information will be emailed to parents and posted on the Website.

Student Chromebook

Login to your assigned Chromebook using your Username and Password from your attached login card. Make sure you do not share this password with anyone. You will use this Chromebook for the remainder of the year, so please take excellent care of it!

Connect to Wi-Fi

Remember to connect your Chromebook to your home Wi-Fi network. Otherwise you will not be able to access your course materials. You may only connect this device to parent-approved networks.

Scrolling

Scrolling on your Chromebook can be accomplished by putting two fingers together and slowly swiping the touchpad up or down.

Learning Platform

All students in grade 4 will be using Google Classroom as their learning platform. Student Google Accounts are provided by ICRS. These accounts are for schoolwork only. Please check Google Classroom every school day. Google Classroom can be easily accessed from your Chromebook by clicking the chalkboard icon on the dock. (If you are not automatically signed-in, use the Username/Password printed on your login card.)

Zoom

Student Zoom accounts are not provided by the school, nor are they necessary to attend Zoom meetings. Students typically will attend ICRS Zoom meetings as guests. Either click the Zoom link provided by your teacher or, if unavailable, use the provided meeting ID and password.

Monitoring

Every Website you visit is logged and reported, and everything that shows up on your screen is viewable by ICRS administrators. Please restrict use of your device to school related activities. Do not share your device with anyone because you will be held responsible for how it is used.

Support

If you have a problem or question, please email me at technology@icrsweb.org. I will reply to your email by the next school day. If you see anything suspicious on your Chromebook, turn it off right away and notify me.

Back-to-school Checklist

- I can login to my Chromebook
- I can use my Chromebook to access Google Classroom
