MARCH

A Note From The Teacher

Dear 4th Grade Families,

Wow, we are already headed into the third trimester of 4th grade! Students have been working hard this year on becoming self managers, and I am very proud of all of the amazing work they have accomplished!

This week we welcomed guest speakers from the Swinomish tribe into our classroom to continue our learning about coastal tribes. I look forward to having students create their project based longhouses in class this month!

Research supports this and shows that students who read a minimum of 100 minutes a week show tremendous growth in reading, writing, spelling, and vocabulary skills.
