SAFETY REMINDERS

Keep up the good work. So far, ICRS has ZERO transmission of COVID on campus. Parents, thank you for your cooperation. This is a good time to reacquaint oneself with the AM screening questions. Teachers and staff are also taking the time to review our safety protocols with students. It helps to remember that we are practicing these safety measures to keep all of our friends and family safe.

AM Screening Questions

| • Cough | • Recent loss of taste or smell |
| • Shortness of breath | • Sore throat |
| • difficulty breathing | • Congestion or runny nose |
| • Fatigue | • Nausea or vomiting |
| • Muscle or body aches | • Diarrhea |

2. Has your student been in close contact with anyone with confirmed COVID-19?

3. Has your student had a positive COVID-19 test for active virus in the past 10 days, or is someone in your household awaiting results of a COVID-19 test?

SAFETY REMINDERS CONTINUED

4. Within the past 14 days, has a public health or medical professional told someone in your household to self-monitor, self-isolate, or self-quarantine because of concerns about COVID19 infection?
5. Has your student had any medication to reduce fever before coming to school?
6. Has your student traveled out of state in the last 7 days?

If you answer yes to any of these questions, please keep your child home.

Siblings can also be photographed this day. 1st-7th graders should come to school in uniform and bring their outfit to wear for the photo.
